

## Participate as an Australian Delegate

An international event for waste management and recycling industry professionals.

# WasteEXPO, May 8-11, 2017

### About WasteExpo:

WasteExpo is the largest tradeshow in North America serving the \$85 billion solid waste and recycling markets. The event serves the entire waste and recycling industries - private sector, public sector and waste management professionals from all industries. WasteExpo combines industry education with an exhibition that highlights industry products and services for buyers from around the world. Attendance is open to all individuals related to the solid waste and recycling industries.

### WasteExpo brings together all the players in the waste, recycling, organics, and sustainability industry:

- For 2017, WasteExpo is adding for the 5th year the Composting/Organics Recycling Conference, Food Recovery Forum, and an Investor Summit.
- There will be over 500 exhibitors displaying the latest equipment and technology the industry has to offer.
- In 2015, there were 560 U.S. exhibitors, and over 13,700 attendees from 100 different countries.
- In 2015, the IBP brought 239 prospective buyers to the show.

### What to Expect:

Throughout WasteEXPO you will:

- Gain insight on global waste management and recycling opportunities, regulations, and best practices
- Hear directly from industry leaders
- Connect with international buyers
- Network with healthcare companies from around the country
- Learn the latest market intelligence
