Brisbane • 7 & 8 Mar 2005 • The Bardon Centre, Bardon

### SPONSORSHIP OPPORTUNITIES

Hosted by the Waste Management Association of Australia (WMAA) and Compost Australia, the Conference Series: **COMPOST – The Way to Grow!** provides an exciting opportunity for you to position your company as a leading identity in the recycled organics industry.

Three overseas experts have been engaged to present relevant US and European case studies as well as bring the delegates up-to-date on the latest technology, issues and lessons from overseas. The Conferences will be facilitated by Resource Consulting Services (RCS) Pty Ltd in conjunction with United Nations Environment Program (UNEP) Working Group for Cleaner Production.

The Conference Series will assist in the preparation of a National Compost Supply Chain Roadmap planned for publication later in the year.

The Conferences will attract delegates from across Australia representing all of the stakeholders in the recycled organics industry including: Processors; Collectors; Local & State Government; Consultancies; Mining; Horticulture; Viticulture; Growers; Research & Development Organisations; Media and many others.

FOR FURTHER INFORMATION PLEASE CONTACT:

Veronica Dullens, WMAA
